## God's Temple

### DID YOU KNOW...

- All Kentuckians age 45 and older should be screened for colon cancer
- Early colon cancer may have no symptoms
- 9 out of 10 colon cancers may be prevented or cured with regular screening

**COLORECTAL CANCER IS THE  
SECOND LEADING CAUSE OF CANCER  
DEATH IN THE UNITED STATES**

*Take care of your body.  
Get screened for colon cancer.*
