

COLONOSCOPY FEE WORKSHEET

Use this worksheet to estimate the cost of your colonoscopy and your financial responsibility, keeping in mind that charges may vary depending on:

- type of facility—hospital, gastroenterology clinic, outpatient services, surgery center, doctor's office
- services included in the facility fee—equipment, IVs, nursing, pre/post tests, anesthesia
- insurance coverage—co-pays, percentages, deductibles, time since last procedure, diagnosis
- provider fees—general practitioner, gastroenterologist, surgeon, pathologist, radiologist
- whether abnormalities are found—may change the screening colonoscopy to a diagnostic procedure

The following items may be combined or may not apply to you. Talk with your doctor and your insurance company about the charges associated with your colonoscopy.
